

Frequently Asked Questions

WE ASKED YOU TO SUBMIT QUESTIONS TO US... HERE ARE THE RESPONSES

Questions from parents/carers	Response from PHS
Will the summer scheme week still go ahead at the end of July & will it be full school days for 5 days?	Yes the Summer Scheme will still be going ahead 26 th -30 th July for those students already signed up. The days will run from 9-2:30.
How are you going to motivate children to do well in Y7 after such a difficult 18 months?	We know it has been a challenging 18 months for many of our families. We are looking forward to supporting our new Year 7's with their transition to Secondary. There will be lots of new and exciting opportunities for them which we are sure will help them feel motivated.
If there will be more focus on 'catch up' after the last 18 months - what happens to the children that don't need extra help? How will you ensure they continue to do well and more importantly stay motivated?	At Patcham, we are avoiding using negative language like 'catch up', we also know that the experiences of our community vary and whilst some have found it challenging to engage in remote learning, others have thrived. We are looking to get to know our students to support or push them where needed.
How do you support children with all the different teachers and subjects? Do you guide them with time management/diary management/home work management?	Your child's tutor is the 'constant' in their busy days. Tutors will work with Y7s to help them think about and plan how to manage their home learning effectively.
